

## The ComActivity Team

At ComActivity, we believe our people are our key asset. The ComActivity Australia team is comprised of business consultants and developers with years of experience and knowledge on how to get the job done. We pride ourselves on integrity, vision and a genuine desire to serve our customers. The members of our management team blend a broad and varied range of skills and talents to ensure we can meet any challenge.

### **Christer Liden, Managing Director**

A highly-experienced and dedicated IT professional who strives for excellence, Christer leads ComActivity with the same drive and commitment that he brings to every project. With 20 years experience in the business, Christer holds extensive M3 experience and has been involved in over 50 implementations of enterprise systems.

### **Mats Gunnarsson, Managing Partner**

One of our top consultants, Mats brings global experience in M3 systems. With many years experience in the design and implementation of ERP and supply chain planning solutions, Mats is a specialist in customer order management, manufacturing and project-focussed industries, as well as possessing broad knowledge in forecasting and material planning.

### **Jason Levick, Managing Partner**

Jason is a consultant with extensive experience implementing ERP systems, and re-engineering associated processes. Along with his broad industry experience, his professional attitude and communication talents mean he is one of our most highly sought-after consultants.
